

72%

of parents with a disabled child suffer mental health issues as a result of isolation.*

Help us build for better and create a home for Gympanzees – a permanent play, exercise and social facility that will have everything under one roof to support the health and well-being of 1,000s of children and young people with disabilities and their families every year.

Please show your support at [**gympanzees.org/appeal**](https://gympanzees.org/appeal)
